

**Position:** Area Manager / Senior Engineer

**Location:** Sioux Falls, South Dakota

### **Minimum Qualifications**

Candidate must have 10 or more years of management experience in the engineering industry or related field. Preference will be given to candidates who are a Registered Professional Engineer with at least ten years of civil engineering experience and have broad-based specific experience in planning, design and construction of highway, street, bridge, water and sewer collection and distribution systems and other public and private infrastructure related projects.

### **Primary Office Responsibilities**

Area Manager / Senior Engineer serves as the Company's liaison to State, County, City, and private contractors and officials involved in the planning, design and construction of highway, street, bridge, water and sewer collection and distribution systems, airports and other public and private infrastructure related projects. Manager will be the Company's primary client development agent within the assigned business area. Manager is expected to maintain a high level of professional service to the Company's clients in an accurate and timely manner and resolve any conflicts that may arise. Manager is encouraged to become involved in civic activities in the community.

### **Supervisory Responsibilities**

Primary responsibilities include supervision of office personnel and oversee all engineering and survey activities within the assigned office. Manager will examine, approve and authorize local office expenditures, initiate client billing, and monitor receivable and payable accounts and other responsibilities outlined by President or Board of Directors.

### **Work Conditions and Schedule**

General professional business office conditions with office hours of Monday-Friday 7 am to 5 pm. Meeting attendance or construction schedules may require some evening or weekend work. Some local travel and occasional overnight stays may also be required.

### **Salary and Benefits**

Salary will be established at a level comparable with other senior level engineering positions in the industry. Company benefits include family health care, company match to 401k, profit sharing, long term healthcare, paid vacation, and holiday.

### **How to Apply for this Position**

Applications for this position should be sent to: Human Resources Director, Brosz Engineering, Inc., 109 South Main, PO Box 357, Bowman, North Dakota 58623 or can be emailed to Human Resources at [hr@broszengineering.com](mailto:hr@broszengineering.com)
